ROAD NEWS

Important Action of the Letcher Fiscal Court Bearing on the Improvement of the County's Highway System

At a special session of Letcher Fiscal Court held at Whitesburg, Ky., county seat of Letcher county, June 29, 1922.

WHEREAS: On April 29, 1921 the Letcher County Fiscal Court by an order now of record in Order book 10, page 254 the said Letcher County Fiscal Court set aside the sum of \$250,000 of their bond issue to be used for the construction of roads in Letcher county, Ky. defined as primary roads, or such portions of the proceeds of the bond issue as the State Highway Commission shall decide is abidable with the understanding that the State Highway Commission obligates in the State of Kentucky to expend an equal amount of State or Federal money on the construction of said roads, therefore the State Highway Commission did accept said offer, and started surveys and have completed said surveys and maps on that portion of State Project No. 6 between Ermine and Mayking, also between city limits of Haymond and city limits of Jenkins, and is now ready to let the contract of these two portions of said road in accordance with previous order passed by the Letcher Co. Fiscal Court April 11, 1921.

Now, Therefore, on motion of 'Squire Sandy Adams and seconded by 'Squire Frank Blair, the vote being taken as follows: 'Squires W. H. Adams, Jim T. Whitaker, Patton Jones, Wesley Roark voting yes, and none voting nay the motion carried.

It is therefore ordered that the sum of \$50,000 be deposited in the First National Bank of Whitesburg, Ky., to the joint credit of Stephen Combs, Jr., Trustee for Letcher County and State Highway Commission, said sum to be used on that portion of State Project No. 6 between Ermine and Mayking and the city limits of Haymond and the city limits of Jenkins, towards the cost of 50 per cent of the said work and to be withdrawn by joint check signed by Stephen Combs, Jr. Trustee for Letcher county and said Highway Commission; withdrawal shall be made each month to the ratio of 50 per cent of said monthly estimates. It is understood that should the sum of \$50,000 not be enough to pay the total cost of the 50 per cent of the above two stretches of road, that Letcher county obligates itself to pay any additional sum over \$50,000 equal to 50 per cent of the total cost of these two pieces of road, and should there be any funds left in said bank after the two contracts are completed, said fund is the sole property of Letcher county and the State Highway Commission can only claim out of said fund an amount equal to 50 per

cent of the cost of the said two pieces of road.

It is therefore ordered that the sum of \$3,000 be deposited in the First National Bank to the credit of Stephen Combs, Jr. Trustee of Letcher county, for the purpose of paying the cost of the engineering and estimates and plans on that portion of State project No. 6 between Whitesburg and Harlan, or from Whitesburg across Pine Mountain to the Cumberland river in the vicinity of Eolia; the said trustee is to pay such payrolls and expense accounts which are furnished him by the State Highway Commission promptly at the end of each month for such work done on the above mentioned survey. It is understood that Letcher county is to have credit for such funds which may be expended on said survey on the construction of said piece of road and to be deducted from the first estimates after the work is let to contract; said engineering is to be begun immediately or as soon as said Highway Commission can reasonably organize said engineering party, and said engineering to be pressed to completion at as early date as practicable, and that the plans and estimates of said piece of road be completed directly after said piece of engineering work is done and furnished the Letcher Fiscal Court.

On motion of 'Squire Jim T. Whitaker and seconded by 'Squire Sandy Adams, that whereas, the State Highway Commission of Kentucky in the very near future will be indebted to the Fiscal Court of Letcher county, Ky. approximately in the sum of \$45,000 for their 60 per cent of the construction of the Sandlick-Hindman road, known as the Tony Raniero job, also known as State Aid Road No. 67 B1 Section 2, and that, whereas, Letcher county by its Fiscal Court have constructed and have under construction a road leading from the lower end of the road at or near the residence of John Niece leading down Sandlick to the corporate limits of the town of Whitesburg at or near the mouth of Sand Factory branch approximately a distance of one and one-fourth miles, and whereas, the said county has constructed a piece of road leading from the corporate limits of the town of Whitesburg east of said town up the Kentucky river to Ermine, Ky. intersecting with the proposed construction work to be let between Ermine and Mayking, a distance approximating two miles having been constructed under State supervision during the years of 1914 and 1915. Now, therefore, under the 1920

Road Act whereby the State Highway Commission is to maintain such sections of the Primary system that have been or might be completed since 1920, the said Highway Commission will be obligated to Letcher county to maintain that portion of State project No. 4 between Ermine and Mayking when completed and that portion of State project No. 4 when completed (which is now completed) which is known as State Aid Road No. 67 B1 sections Nos. 1 and 2. It is therefore the consensus of opinion of this Court that we make the following proposition to the State Highway Commission: That if they will take over the section of State project No. 6 from Ermine to the city limits of Whitesburg and that section of State project No. 4 from the city limits of Whitesburg to the end of State Aid project No. 67 B1 section 2, that the said Letcher Fiscal Court will cancel all State aid indebtedness amounting to approximately \$45,000 due said Letcher county, provided the State Highway Commission will bring the above two mentioned roads up to State requirements and accept these roads for maintenance.

The vote being taken on said motion, it was carried unanimously.

Judge Hiram Johnson Dead

After about ten days illness at his home in London Judge Hiram Johnson of the 27th Circuit Court district passed away. For months on account of his stringent efforts to put down crime in his district, he has been the most talked of man in Kentucky. He is the man who threw the long-standing feuds of Clay county upon the altar and brought peace and happiness to its good people. He was a terror to violators of all kinds and classes and the name of Hiram Johnson will long be remembered and revered in his district. We regret to learn of his death.

Mrs. Mary Kincer Called

We regret to chronical death of our aged half-sister, Mrs. Mary Kincer, residing near Mayking, Sunday night. At the time of her death Mary was approaching her seventy-first birthday and had been in feeble health for a number of years. She was one of the first children of the first family reared by the late Jason L. Webb and was reared at what is now Sergeant. About 1879 she married Bob Kincer, of the same neighborhood who still survives her. Quite a large family was reared by them all of whom are married and reside in this and other sections of the country. Besides these she leaves a number of brothers, one whole sister, two half sisters, several half brothers and a large relationship all over the country. In the presence of a large congregation of relatives and friends she was laid to rest in the old family grave-yard at Mayking to await the second coming of the Master.

Chautauqua

The big chautauqua to be held here from July 14 to 19 is to be a swell affair. Three of the country's greatest lecturers, Geo. L. Barker, E. Jefferson Gardener and A. M. Reitzel, in their most eloquent moods are to be here. On the first night the Chicago Concert Company will give the opening concert followed by a lecture, "Immortality of Influence," by Mr. Gardener. On the second night there will be a Grand Concert and other entertainments. Third night we are to have the celebrated Gerhardt Entertainers and a lecture, "The Joy of the Job," by Mr. Gardener. Fourth night America's greatest comedy drama, "It Pays to Advertise." On the fifth night various pageants, concerts, followed by a lecture, "The Measure of a Man," by Dr. Reitzel. All the five days are to be full of games, hero stories, shop pageants, etc. President Harding, Woodrow Wilson, nor W. J. Bryan will be here, but come and hear intelligence of the highest order and laugh yourself fat or poor - as the case may be.

Charlie Chaplin

The Pearl Theatre will show on next Thursday night Charlie Chaplin, world's funniest man, in his million dollar movie, "The Kid," in which appears Jackie Coogan, famous child actor. It is indeed a rare thing for a small town like Whitesburg to have the opportunity of seeing such a high class picture. The cost to bring it here is enormous but the management will not stop at expense to give the patrons the very best movies obtainable. Everyone, especially every woman and child, should see "The Kid."

Old Fashioned Spelling Bee

Certain of our respected citizens have been heard to say recently that they "could spell anything in the book" Just what book was meant we do not know it may have been a Sears & Roebuck catalog or even a first reader. At any rate, some folks think they can spell. The summer teacher training school now in session on College Hill has planned an old fashioned spelling match for Tuesday evening July 11 to which everyone in the county is invited. Choose up and spell down! Better get out your old spelling book and study it for a few evenings. You may need it, for some of the older boys and girls, around 40 and up, are going to be hard to spell down. Do you want to know the commanding generals in this great word battle? Listen and ye shall know. Dave Hays will captain the army of handsome spellers while Monroe Fields will lead the cohort of homely ones. These courageous captains will choose followers from among those present, and when all have been taken the massacre will begin. In order that one side might not hopelessly overbalance the other, ye editor, Bro. Webb, has been selected to pronounce the words, which takes him out of the spelling. To insure justice to all and peace between individuals, all the preachers in town have been asked to act as judges. These are Mr. Simpson, Mr. Tate. Mr. Blair and Mr. Scott. If you want to enjoy yourself be at the High School Auditorium Tuesday night at 7:30 o'clock.

Robin Baker Dead

Robin Baker, one of the best known and pioneer citizens of Perry County, died Thursday, July 22, after a long spell of sickness. Mr. Baker was commonly known throughout this section as Uncle Robin, and was at one time postmaster at Hazard. He was married to Miss Margaret Baker in 1878, and to this union was born six children, five of whom survive him.

He was a member of the local Methodist church and the Masonic Lodge. He was buried Saturday in the Baker burying ground. Rev. A. S. Petrey, Rev. E. L. Pike and Rev. E. K. Pike all spoke of the good work he had accomplished and how he would be missed in this community. The funeral services at the grave were held by the local Masonic Lodge.

Mr. Baker was well known here and was the father of Mrs. Jno. D. Fitzpatrick, wife of our County Judge.

Owing to the fact that the Fourth was cold and disagreeable otherwise, a good deal of patriotism failed to materialize and a number of enthusiasts were forced to use other spirits to keep up steam. Even pop and other soft drinks were more or less on the bum.

At the time this is written (Wednesday) Uncle Newt Thompson at his home on Sandlick is still alive, but is extremely low.

No Registration Required

The new law enacted by the last Kentucky Legislature requiring registration of all legal voters before they could vote in the primary or general elections hereafter was declared unconstitutional by Judge Hert of the Court of Appeals to which a test suit brought was referred. So there will be no registration of voters on the 11th and 12th of July as was anticipated.

'Tis Summer 1st. Over the East windows a sun filled with dazzling beauty rises with life in his wings, life for everything. No wonder the ancients hied to their hill-tops and offered oblations to the King of day. How awful is creation, anyhow; how wonderful in conception, how philosophic in construction and how mechanically and systematically controlled. And after all, nothing is anything except the animation of its Creator. In the wild rush, in the headlong push, how few stop for even a moment to consider the fountain from which all things come! Not a default or an accident in it; all things in the concaves of its immensity, air and earth and sea, the fulfillment of perfection. Yea, true, from the mightiest planet on the farthest rim of conception to the tiniest infinitesimal in the realm of microcosm. "And only man is vile." Why? The simplest theologian can answer. For ages, from the time that mind beheld itself an animate being endowed with intuition, with an ability to peep into the caves of nature's mysteries it has been doing so. And the end is not yet.

On our front page you should read and re-read the recent orders of the Fiscal Court. In our opinion no greater orders have ever been entered on their order books.

MRS. BUTLER IS OVERJOYED AT HER RECOVERY

Declares Tanlac Gave Her Complete Relief After Everything Else Failed To Reach Her Case

"I am overjoyed at the wonderful good Tanlac has done me after I had suffered five years," said Mrs. Mamie Butler, 1258 Taylor St., Richmond, Va.

"Indigestion troubled me so long I had little hope of seeing another well day. Nearly everything I ate soured on my stomach and I felt stuffy and nauseated. The pains around my heart were so dreadful and I would suffocate. Black spots came before my eyes and I almost fell over. I was badly constipated and so run down that often I had to go to bed and stay several days. But now I am well and happy for Tanlac has fully restored me after every thing else failed. I enjoy everything I eat, my nerves are steady and I get plenty of restful sleep. Tanlac deserves all my praise and thanks."

Tanlac is sold by all good druggists.

Guaranteed 10,000 Miles Against Stone-Bruise Rim-Cut Blow-Out

MILEAGE

Mileage is the "commodity" one purchases when buying a tire; not mere materials, but the service that certain materials will perform when combined.

Greater mileage is assured in Hydro-Toron tires because processes and principles employed represent the industry's greatest forward steps. The Internal Hydraulic Expansion Process prevents defects from being built into the tire—concealed from sight.

The Toron (no-rot) chemical treatment of fabric gives greater tensile strength, greater holding power between layers, increased affinity for rubber and complete protection against the damaging effects of moisture.

Hydro-Toron tires are oversize—as big as cords, better than cords. Next time you are ready to buy tires, come in and let us show you the tire you have heard so much about.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During... I was awfully weak... My pains were terrific... I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach... I simply felt as if life was for but a short time. My husband was worried... One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

TAKE

CARDUI

The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better. All my ills left me, and I went through... with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty. I can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.
